Then an Investigative service will go to that location. It is rated by intensity, wind direction, and the source of the smell. DEC and Board members will receive the results.
- A resident stated that they can smell all the way down on 31F at her house. The resident noted that this can't be healthy for people, and asked what WM is doing about the odor. WM stated that when odor complaints come in, they have them investigated, as well as DEC has been informed.
